– Practical Pearls in Long Term Care. As an interactive full day workshop, The OLTCC Attending Practitioner Primer is for Attending Physicians, Attending RN(EC) or Physician Assistants interested in better understanding the legislative requirements of being an Attending Practitioner in LTC working along side the interdisciplinary team. Based on the successful model of the Medical Director Course, the Attending Practitioner Primer has an interactive, case based delivery model that allows for rich discussion and sharing of experiences about practice in LTC. Our experienced Faculty and Facilitators enthusiastically await your presence to help further your understanding the Ontario Long Term Care Homes Act and how it relates to your practice in LTC.
