## YOUR SYMPOSIUM INVITATION

FRIDAY OCTOBER 15—VIRTUAL PLATFORM

1:45 pm—2:45 pm

*This Group Learning program has been certified by the College of Family Physicians of Canada and the Ontario Chapter for up to 1.00 Mainpro+ credits*

## OVERLOOKING THE LOWS: WHY YOU'RE PROBABLY MISSING SEVERE HYPOGLYCEMIA IN YOUR PRACTICE AND WHAT YOU SHOULD DO ABOUT IT

### Presenter:

**Jeremy Gilbert, MD, FRCPC**

**Sunnybrook Health Sciences Centre, Associate Professor, University of Toronto**

*Jeremy completed his medical degree, internal medicine training and endocrinology residency at the University of Toronto. He was a clinical associate at the University Health Network for 18 months before becoming an active staff member of Sunnybrook Health Sciences Centre. He attends on the clinical teaching unit for internal medicine 3 months per year. He also attends on the endocrinology consulting service and has a growing outpatient practice. He is an assistant professor at the University of Toronto. Jeremy shows great enthusiasm for teaching. His area of academic interest is undergraduate and post-*

*graduate education in general internal medicine and endocrinology and metabolism. He is the education site director for endocrinology at Sunnybrook Health Sciences Center.*

### Symposium Overview:

This discussion-based educational program details conversations between physicians and patients/caregivers to prepare them for severe hypoglycemic events.

### Symposium Objectives:

1. Explain the characteristics, incidence, and risk factors for severe hypoglycemia in people living with type 2 diabetes.
2. Incorporate effective communication strategies with patients and caregivers to minimize the risks and occurrence for severe hypoglycemia.
3. Apply strategies to effectively manage episodes for severe hypoglycemia.

All conference attendees registered for October 15, 2021 are welcome.

Participants will log into the Conference portal to attend the symposium beginning at 1:45 pm
